Introduction

.....

Gumala Aboriginal Corporation (GAC) is the manager of the General Gumala Foundation (GGF). The GGF is a Charitable Trust which redistributes land compensation monies from Rio Tinto's Yandicoogina Iron Ore Mine, back to the Banyjima, Innawonga, and Nyiyaparli peoples. The Foundation was established as a public benevolent institution with specific objectives under the GGF Trust Deed. These are known as the 'objects of the Foundation'.

GAC is committed to providing valuable and sustainable programs and services for its Members by delivering positive outcomes for people and community. The overall objective is to make a difference by always seeking 'continuity of improvement'.

Throughout the 2017-18 financial year, GAC set out to consult with as many Members as possible by piloting an online survey. The survey aimed to collect information about the wants and needs of Members, and more generally, to gather feedback about the services GAC provides.

In addition to the survey, which drew responses from 1016 Members, GAC Directors and staff also gathered feedback from Members through face to face consultations during the Homeland Community Consultation Visits and the Annual General Meeting, which was held in October 2017.

In summary, the feedback collected demonstrated that not all GAC programs were suitable for all Members. Everyone has different needs, depending on the individual, their age, stage of life, and obligations.

As a result, a more flexible approach to programs was designed and taken to Members for further consultation. This new model allows for an allocated amount per Member per year to be spent on the needs of the individual (within set guidelines), rather than a set limit per program. GAC received a unanimous response from Members that this new approach was favoured. GAC then explored a feasible limit per Member for the program model, in line with present land use income.

GAC has since advocated strongly for the Trustee to consider this new concept, which we believe suits the needs of each individual Member. Rather than forcing Members to spend a defined amount per category, the revised approach enables Members to choose how to best spend their entire balance for their individual needs. This is in line with our strategic objective of self-determination and empowerment.

I look forward to the personal, financial and social impact that these programs will have to our Traditional Owners and homeland communities.

Jahna Cedar

Executive Officer

The Objects of the Foundation

The Foundation is established as a public benevolent institution for the objects of the relief of poverty, sickness, suffering, distress, misfortune or destitution of the Traditional Owners, particularly those Traditional Owners residing in the Region.

.....

*The Foundation is to be carried out
without purpose of private gain.*

*The Foundation is established for the benefit
of the Traditional Owners.*

Without limiting the generality of the Objects referred to in clause 3.1, by way of illustration and example of those objects, it is recorded that the Foundation may pursue the following objectives:

1. to seek to bring lasting and tangible benefits to the Traditional Owners;
2. to improve the housing, living conditions, health, and general standards of living of the Traditional Owners;
3. to provide for or undertaking of training and education of Traditional Owners;
4. to establish training centres to carry on the training and education of Traditional Owners;
5. to assist the Traditional Owners in becoming economically independent whether by the acquisition or establishment of economic enterprises or interests therein or otherwise;
6. to assist the Traditional Owners in the acquisition, development, and establishment of homeland communities within the Claim Area;
7. to fund administer or otherwise assist in connection with the development and implementation of Community Projects;
8. to invest portions of the Trust Fund for the long term benefit of the Traditional Owners; and
9. to assist the Traditional Owners in asserting and maintaining their traditional rights to land and otherwise.

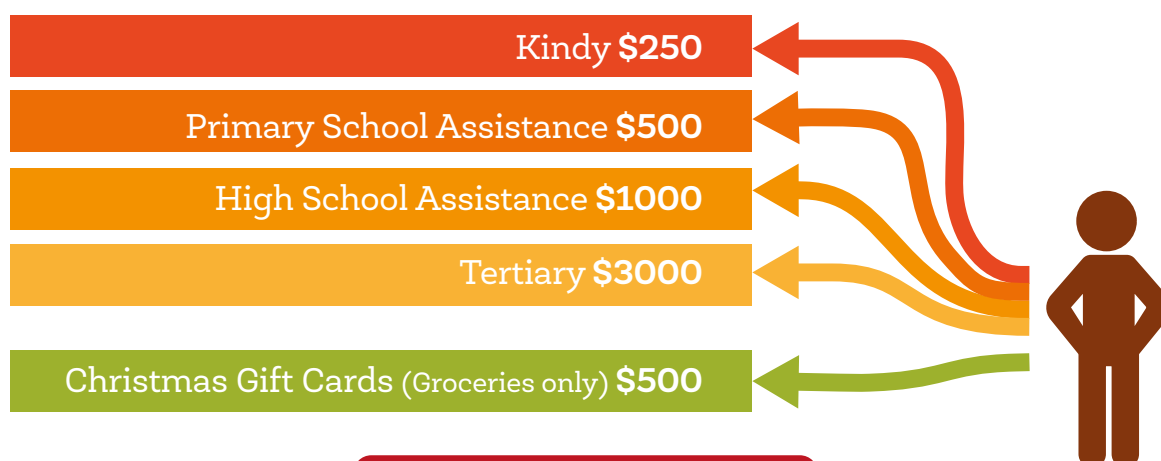

A change to the way GAC offers programs

Under the new proposed model, there are “fixed” programs and “flexible” programs.

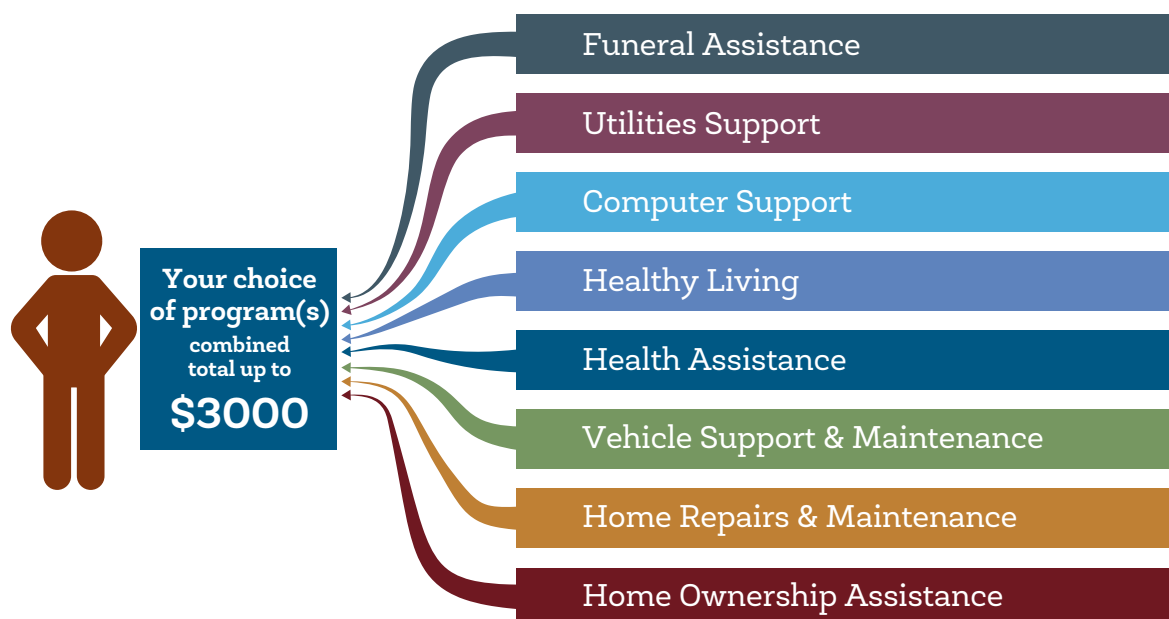

Fixed programs

Flexible programs

a group of policies available to all eligible Members & Beneficiaries, where individuals can choose to access, at their discretion, with an assigned limit per person (not per program).

In order to access Member benefit programs, you must be one of the following:

- A registered Member of GAC, or
- A registered Beneficiary of the Trust (GIPL), or
- The child of a registered Member or Beneficiary (Education Support Only)

Please note if the child is not currently registered in our system we will **require a birth certificate** in order to process any applications.

How can I check if I am eligible?

You can check your Member Status with any Gumala staff member by contacting the office on **1800 486 252** or by emailing us at **info@gumala.com.au**.

How do I become a Member of GAC?

You can become a Member of GAC by completing an application form for Beneficiary Status and Membership. This must be completed by the applicant, signed and forwarded to us with a copy of your birth certificate.

Memberships are considered by the Membership Applications Committee and the GAC Board in consultation with GIPL. This committee meet every 2-4 months depending on the volume of applications to be assessed.

Applications for Membership can be forwarded to **info@gumala.com.au**.

Member Services & Applications Processing

GAC is committed to the provision of a timely, efficient and quality service by respectful and helpful GAC employees that meets our Members' expectations.

It is expected that at all times, GAC employees and Members show mutual respect and courtesy during their dealings with each other and any suppliers with whom GAC does business.

Member program applications will be processed by our dedicated Member Services Officers on standard business days, from 8:30am to 5:00pm Monday to Friday, excluding public holidays.

Generally speaking all applications will be processed within seven business days, providing that the applications are sent to GAC with all of the relevant information and documents.

Throughout the year, these estimated timeframes may vary depending on the number of applications the Member Services Officers are processing at the time.

This could mean your application is processed before our seven business days timeframe, or after our seven business days timeframe. If it is expected that our processing timeframes will exceed our normal seven business days processing timeframe, a GAC staff member will be in touch with you to advise you of this, and will provide a revised timeframe. Alternatively, you may receive a notification via SMS that our processing timeframes are longer for a given period. This usually only occurs during periods of high activity, for example, when there are multiple large funerals happening in a short period of time, at the beginning of the school year, and in the lead up to the end of financial year.

Note: GAC cannot guarantee processing on applications submitted with less than seven business days' notice, and will assess its capacity to process any such applications based on the workloads of the Member Services Team at that time.

To assist us to process your application as quickly as possible, please ensure:

- 1.** You get your application into GAC at least two weeks before you need the goods or services, or sooner if possible.
- 2.** Your contact phone number, email, and home address are up to date and current on your application form.
- 3.** You have provided all the information and supporting documentation required for your application to be processed, e.g. quotes, tax invoices, funeral notices, etc. (**Note:** The supporting documents needed will vary from program to program. Please carefully read the guidelines for the program you wish to access and ensure all documentation is provided)
- 4.** Your supplier's bank account information is provided on their tax invoice or quote
- 5.** With accommodation bookings, please endeavour to check availability at the hotel and reserve a room before sending your application into GAC. Include this information on your application form.

All applications will be acknowledged by email or by phone once they are received by our Member Services Team. If vital information or documentation is missing from your application, it will not be issued for processing until the information is provided. Our Member Service Team will contact you within one to two business days of receiving your application if your application is missing information or required paperwork.

All applications should be emailed to applications@gumala.com.au or faxed to 08 9188 1846.

We look forward to working with you throughout the year ahead!

Goods & Services Guidelines

If you are unsure of the suppliers that Gumala can trade with, please contact our Member Services Team on 1800 486 252.

As a general rule, we can trade with any organisation or supplier if they have a registered and current ABN number, are willing to trade with us on mutually acceptable terms, and are not owned by the member applying for the goods or services. Overseas suppliers may require further examination before being approved for trade.

Rules:

1. Members are not authorised to charge goods or services against Gumala's name. The Member will be held personally liable for goods and services not approved by GAC, and where purchasing authority has not been issued to the supplier.
2. For venue or accommodation bookings and reservations, GAC does not supply security deposits or bonds for any services that it pays for. If the supplier / facility requires a security deposit or a bond, the member will need to provide this directly. A staff member will advise you if there is a security deposit or bond that needs to be provided.
3. Members need to obtain their own quotes for goods and services and indicate their preferred supplier where known.
4. No cash or other reimbursements will be made to Members.
5. Payments cannot be made to individuals – they can only be made to third party organisations and suppliers.
6. Advances on the next financial year's funds are not available.
7. If an applicant is dissatisfied with the outcome of their application, they can appeal against the decision in writing. A staff member can assist with this.

Conduct:

1. Abusive, offensive, or inappropriate language used by a Member towards GAC staff or GAC suppliers will not be tolerated.
2. To protect GAC's professional relationships with suppliers, where GAC identifies that a Member has treated any GAC supplier or their facilities disrespectfully, inappropriately, abusively, or in any way that breaches Section 5 & 6 of the GAC Member Code of Conduct Policy, consequences as per the GAC Member Code of Conduct Policy will apply.

The GAC Member Code of Conduct Policy can be found on the GAC website. Alternatively, you can contact the GAC office for a copy to be emailed or posted to you.
