7. Confirm Minutes of previous meetings

YB advised that the minutes of the AGM held in Oct 2022 are to be reviewed and passed. YB announced that copies of the minutes were made available to Beneficiaries along with the Notice of Meeting.

Resolution 01/20231006

The minutes are a true and accurate record of the GIPL AGM held in Port Hedland on Friday, 6 October 2023.

Moved: Kate Kershaw

Seconded: Nikki Naylor

The resolution was approved unanimously on a show of hands.

JG introduced himself to the Beneficiaries. Highlights raised were:

- 40 years in the Kimberley working with the Aboriginal Community
- Mirriwung Gajerrong Trustee Director for 16 years
- 145 houses across the Kimbely for the Aboriginal Community
- 44 years of service working for the WA Government

JG thanked Gumala for the opportunity to join the GIPL Board and to work with the Beneficiaries.

Each Director was provided with the opportunity to re-introduce themselves. The TO Directors acknowledged that their terms are up in November 2023, and over the five years, the Board have achieved excellent outcomes, and they are privileged to be a part of it.

YB presented the Chairs Presentation. Highlights raised were:

- Gumala will be undertaking a full review of the Investment Policy.
- The Housing Program significantly impacted social outcomes and won the Community Excellence award in 2023.
- The fifth 5-year Foundation Review is upon us, a GAC and GIPL have begun planning how it will be undertaken.
- A special thank you to the three TO Directors on the GIPL Board, Helen Smith, Roy Tommy, and Claire Gesah, for their significant input, valuable contribution, and cultural knowledge. Their current terms end in November, and GIPL offers GAC their full support in the process as they move towards November.
- Thanked the GIPL EO and Team for their commitment to Gumala.

8. Financial Reports for the Year Ending 30 June 2023

- The Financial Report was presented as an audio animation for Beneficiaries to watch in detail. The topics highlighted were:
- The total revenue for the 2023 Financial Year was \$32 million, which was less than the prior financial Year by \$7.6 million. \$22.4 million came from revenue received under the Yandi Land Use Agreement, which was \$10 million less than the 2022 financial year. The revenue received from investments was \$10.3 million, a 24 percent increase from the \$7.8million generated in 2022.
- The total operating costs for Gumala was \$9.8 million, which includes operating and capital costs for both GAC and GIPL, with \$6.2 million spent by GAC and \$3.6 million spent by GIPL, the operating cost also includes Consultation and travel payments from the prior AGM, which totalled \$1.6 million. With \$157 million carried forward from the 2022 Financial year, after factoring in the new\$9.1 million allocated to Investments, the acquisition of fixed assets and the increase in asset value, the future fund grew to a Net Value of \$174.8 million. This is a \$16.9 million increase from the 2022 Net Value of \$157.8 million.

Properties:

GIPL currently has a total of 40 (39 owned & 1 head lease) houses designated to the Housing Support Program: 11 in Hedland, 16 in Karratha,6 in Tom Price and 7 in Perth.

YB opened the floor to questions.

A question from the floor: what was the original target for the Future Fund, and what's the current balance of the Future Fund?

YB advised that \$174 million is the current balance. The original target of the Future Funds is being assessed within the Investment Policy review, which includes both the GAC and GIPL Board.

A question from the floor: there was a decrease in the revenue of \$10.1M, and the investment increased. Was that enough to cover the \$10.1 million in the Yandi Land revenue? Will the decrease be an ongoing trend?

JR advised that the \$10.1 million reduction wasn't covered. The trend is not currently clear with the future Rio Tinto payment and the modernisation discussions. JR stated he is unable to comment on the trend of the Rio Tinto payments.

A question from the floor: what are the likely impacts of the decrease on the revenue?

JR advised that Gumala would face an ongoing reduction in the Rio Tinto income, impacting the operating costs and programs in the long term. Therefore, the current discussions with Rio Tinto are important. JR highlighted that the GAC Board are doing what it can within those areas.

A question from the floor regarding the increase in Future Funds; today, we are the future and should be the biggest investments. We will look after the future generation if you look after this generation.

YB stated that the GIPL Board work with the current Trust Deed, which states it is in perpetuity. Within the review if the Beneficiaries wish for it to be changed, then that's for the Beneficiaries to decide.

JR added that the Housing Program uses the investment trust's assets with low-cost housing for the 40 families Gumala is housing, with a further \$6 million to be spent on housing.

A question from the floor: why can't you help Beneficiaries buy houses instead of renting them?

JR stated that if the funds are being allocated to the Beneficiaries to own the houses, GAC would conduct that through program funds. This was a suggestion at the Consultation regarding the potential use of the \$125M. YB elaborated that the Future Fund's purpose is to allow the programs to continue after the Mines close; this is why GIPL continues to build the Future Funds.

9. Auditor's Report

CN gave a presentation on the June 2023 Audited Financial Report.

Resolution 02/20231006

That the audited financial reports for the financial Year 2022-2023 be received.

Moved: Robin Naylor

Seconded: Jade Conway.

The resolution was approved unanimously on a show of hands.

A Beneficiary asked whether we would buy into the Rio Tinto shares. YB advised that GIPL have a diversified fund managed by Morgan Stanley, which holds some Rio Tinto shares. A question from the floor: are we buying more houses for Beneficiaries to rent?

YB states we have spent \$11.8M over three years and have another \$6.2M on housing in the next two years. GIPL relies on GAC's feedback on whether the houses need to be purchased to support the Beneficiaries on the waitlist.

A question from the floor: what is the percentage of Rio Tinto shares?

JR stated that GIPL is not a substantial holder of Rio Tinto.

A question from the floor: why can't we all be allocated funds to buy houses?

YB advised that the Trust doesn't allow Gumala to do that. It would need to go into Beneficiary programs and provide for the future revenue.

A question from the floor: is it worth looking at Rio Tinto to hold shares to allow longevity?

JR informed the Beneficiary that GIPL hold a diverse investment portfolio in iron ore such as Rio Tinto and BHP.

General queries were raised within the Meeting around the underpayments and negotiations with Rio Tinto; the Chairperson and GIPL EO referred to the Consultation Meeting advising that GAC, as the Manager of Gumala, is working with Rio Tinto and any update will be communicated to the Beneficiaries by GAC at the earliest opportunity. The GIPL Board or EO could make no comments.

10. Trust Deed

Due to Member concerns, the 5 Resolutions outlined in GIPL'S Notice of Annual General Meeting regarding Variations to the Trust Deed put forward by GIPL as trustee of the General Gumala Foundation will not be voted upon at the AGM on 6 October 2023.

Instead, GAC and GIPL will take this opportunity to consult with the Members and Beneficiaries and take feedback on the proposed resolutions and any other amendments that should be considered by the GGF, with the intention of bringing the amended resolutions to vote at an AGM held in 2024.

11. General Business

The floor was open to General Business topics, but the Beneficiaries raised no questions.

The meeting closed at time of close pm.
